## SINVACLITE™ Manholes

SINVAC offers custom fabricated HDPE Manholes for a variety of applications. Manufactured from a combination of high-quality Solid-wall and SINVACLITE™ pipe. SINVACLITE™ Manholes are resistant to root ingress, preventing contamination to surrounding groundwater and providing a watertight structure that delivers an extended life expectancy, making them suited for sewer and stormwater applications. SINVAC manufactures SINVACLITE™ Manholes from 300mm to 1500mm ID both in 4kN/m<sup>2</sup> and 8kN/m<sup>2</sup>.

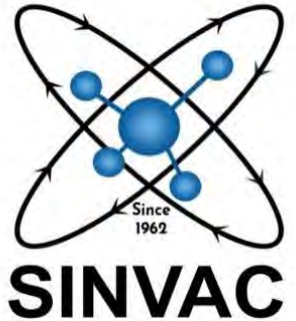

SINVACLITE™ Manholes are prefabricated, which eliminates the risk of deformation in the structure. The shaft configuration of the manhole can also be adapted to accommodate many applications and an HDPE ladder can be fabricated for the inside of the Manhole.

# SINVACLITE™ HDPE Structured Wall Pipe

SINVAC manufactures SINVACLITE™

Manholes from  
300mm to 1500mm ID both in 4kN/m<sup>2</sup> and 8kN/m<sup>2</sup>

**SINVACLITE™ Manhole 1500mm ID & 6m High**

# SINVACLITE™ HDPE Structured Wall Pipe

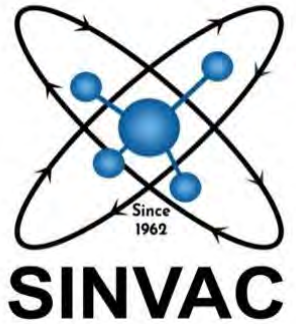

SINVAC manufactures **SINVACLITE™** Pipe from 300mm to 1500mm both in 4kN/m<sup>2</sup> and 8kN/m<sup>2</sup>

# SINVACLITE™ HDPE Structured Wall Pipe

SINVAC manufactures **SINVACLITE™** Pipe from 300mm to 1500mm both in 4kN/m<sup>2</sup> and 8kN/m<sup>2</sup>

**Manholes** from 300mm to 1500mm ID both in 4kN/m<sup>2</sup> and 8kN/m<sup>2</sup>

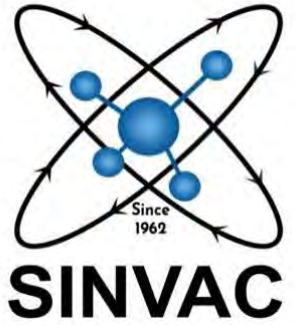

**SINVACLITE™ Manhole Benching & Ladder**

# SINVACLITE™ HDPE Structured Wall Pipe

SINVAC manufactures **SINVACLITE™** Pipe from 300mm to 1500mm both in 4kN/m<sup>2</sup> and 8kN/m<sup>2</sup>
